RENEWED PETITION TO CORRECT ASSIGNEE NAME

Mail Stop: (Certificate of Correction)
Commissioner for Patents
P.O. Box 1450

*should go to
Mail Stop Petition*

Dear Sir:

Previously filed on April 2, 2004, was a

"PETITION TO CORRECT ASSIGNEE NAME."

Then, a Decision was rendered on April 13, 2004, dismissing this said Petition filed April 2, 2004.

In the Decision on Petition dated April 13, 2004, it was stated in part that the "Office PALM computer database records do not reflect that an assignment in the name of the assignee sought by the certificate of correction was ever recorded. A certificate of correction will only be proper when an assignee

was of record at the time the patent issued. The record fails to establish that an assignment to the assignee to be added was recorded prior to the issuance of the patent and therefore the petition cannot be granted."

In response to this Decision on Petition, the following is respectfully pointed out:

Enclosed herewith is a copy of a Notice of Recordation of Assignment document dated September 23, 2004, in which the Assignment to Dr. Ing. H.C.F. Porsche AG was officially recorded on April 2, 2004, with regard to both the patent application and the granted patent. This is being utilized in order to request a Certificate of Correction being issued regarding the Assignment to Porsche AG.

With regard to this Revised Petition to Correct the Assignee, it is pointed out that the two additional inventors (Mr. Kelm and Mr. Dieterle) who have now been included in the corrected inventorship of this patent have assigned their entire right, title, and interest to Dr. Ing. H.C.F. Porsche AG. It is also pointed out that this Assignment has now been recorded with the U.S.P.T.O. and that the granted patent should therefore

reflect this recorded Assignment by the two (2) newly added inventors who are Mr. Kelm and Mr. Dieterle.

Enclosed herewith as attachments are a copy of the following documents:

1. U.S.P.T.O. Notice of Recordation of Assignment Document for *U.S. Patent No. 6,581,561*;
2. Cover letter enclosing Assignment for *U.S. Patent No. 6,581,561*;
3. Assignment of *U.S. Patent No. 6,581,561*;
4. Communication from the U.S.P.T.O. dated May 4, 2007, enclosing a copy of:
 - a. Decision Granting Petition;
 - b. Request for Certificate of Correction;
 - c. U.S.P.T.O. Certificate.

Incorporated herewith by reference is the originally filed Petition to Correct Assignee Name and all the documents enclosed therewith.

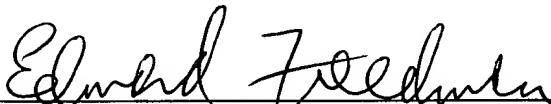

It is respectfully requested that this Renewed Petition to correct the Assignee name be granted, and that the following additional Assignee be added:

"Dr. Ing. h.c.F. Porsche
Aktiengesellschaft
Porschestraße
71287 Weissach
Germany".

Because the U.S.P.T.O. Petition Fee was previously paid when the original Petition was filed, it is respectfully believed that no further U.S.P.T.O. fee is required for the filing of this Renewed Petition.

However, if any further U.S.P.T.O. fee is required, the Commissioner of Patent and Trademarks is hereby authorized to charge any additionally required fees, or to credit any overpayment to our Deposit Account No. 03-2468.

Respectfully submitted,
KAY BRODESSER ET AL. - 2 (PCT)
